

RENAULT CAPTUR

1st September (MY21.5)

Exterior transformation

More athletic and dynamic than ever, Renault CAPTUR boasts a strong SUV identity. The high ground clearance, the iconic two-tone body and the C-shaped LED signature lighting* give it an unmistakable presence on the road.

* Standard on Iconic MY21.5 and above

** Exterior features depend on trim level

Interior revolution

Inside the cabin Renault CAPTUR feels like a car from a class above. It has entered a new dimension of quality and comfort with high-grade materials, improved comfort and greater interior space. The Smart Cockpit angled towards the driver offers a unique driving position. The flying console coupled with the e-shifter* brings a futuristic touch to the cabin.

* Flying console with E-Shifter standard with R.S., Line (automatics) and Plug-in Hybrid versions

Technology made simple

With the new EASY LINK multimedia system, accessing connected services has never been so simple. It's compatible with Android Auto™ and Apple CarPlay™, so you can easily connect your smartphone and get your favourites apps on the 7"* or 9.3"*** touchscreen. Renault CAPTUR comes with 3-year free 4G connectivity allowing automatic maps updates and access to real-time traffic or fuel prices. With the Google Search function you don't need to know the exact address of your destination, simply type the name of the place and the navigation system will find it for you.

Android Auto™ is a trademark of Google Inc.

Apple CarPlay™ is a trademark of Apple Inc.

*Touchscreen and navigation spec depends on trim level

Always connected with MY Renault

Accessible on your smartphone through the MY Renault App or on a web portal, MY Renault allows you to interact with your vehicle remotely via a range of connected services designed to make your life easier. It will allow you to plan your journeys, locate your vehicle or monitor servicing requirements and schedule an appointment to your chosen Renault dealership.

Discover MULTI-SENSE

Renault CAPTUR offers a driving experience adaptable to your mood. The MULTI-SENSE* system allows you to choose between 3 driving modes (My Sense, ECO or Sport) and 8 different colours for the ambient lighting.

* Standard on S EDITION and above

Make no compromise on practicality

Enjoy a large SUV interior space designed to give you maximum comfort. Make the most of one of the largest boot volumes in the category (up to 536L*). The ingenious sliding rear bench can slide 16cm forwards or backwards, creating either more space for passengers or a larger boot. Need to transport long or bulky items? Make room in the back thanks to the folding bench seat to benefit from a huge 1,275 l of space.

*Petrol versions

Renault CAPTUR E-TECH Plug-in Hybrid: electric on demand

Renault CAPTUR E-TECH Plug-in Hybrid is the most efficient, yet most dynamic CAPTUR to date. Combining an efficient 1.6L petrol engine with a 9.8 kWh battery and two electric motors, it delivers 160 hp and allows day-to-day full electric driving; ideal for zero emission commuting. On the occasional long journeys, Renault CAPTUR E-TECH Plug-in Hybrid will run using both the petrol engine and the electric motors offering unprecedented flexibility. This clever combination is the result of Renault's decade-long expertise in electric vehicles coupled with Formula 1[®] technology applied to road cars.

E-TECH

The best of both worlds

Renault CAPTUR E-TECH Plug-in Hybrid offers all the benefits of CAPTUR and more. Experience a cleaner, more dynamic SUV drive with confident acceleration while lowering your running costs. Charging is also simple: it will take up to 4h15* at home on mains socket or 3h on a dedicated home wallbox. Alternatively, you can also use one of the over a thousand public charge points in Ireland.

E-TECH

*Estimated charging time on a 3-pin domestic socket with 230V and 13A.

Charging the Renault CAPTUR E-TECH Plug-in Hybrid

Charging every day is important to make the most of Renault CAPTUR E-TECH Plug-in Hybrid.

Charging method	Usually found at	Charging time ⁽¹⁾ Empty to full
3-pin plug ⁽²⁾	Home	4h15 ⁽¹⁾
3.7 kW / 7kW	Home / Work / Public locations (supermarket, street...)	3h
22 kW	Work / Public locations (supermarket, street...)	3h

Renault CAPTUR E-TECH Plug-in can charge at a maximum rate of 3.7 kW.

What are the benefits of each charging method?

Charging location	Benefits
At home	The most convenient way to charge your Renault CAPTUR E-TECH Plug-in Hybrid is at home overnight so you can enjoy a full battery every morning
At work	Plug in when you're at work so you can leave fully charged at the end of the day and maximise zero emission driving on your way home
At public locations	Public charging gives you the opportunity to top up your battery at convenient locations like supermarket or car parks

Not sure to find charge points around you?

Use your EASY LINK navigation or MY Renault APP to find local charge points around your route.

Charging cables

3-pin socket cable⁽²⁾: this cable comes as standard and can be plugged to a domestic 3-pin socket. Length: 6.5m & maximum current: 10A. Charging time: up to 4h15.

Type 2 (mode 3): also coming standard, this is the cable you would need to use if you install a dedicated charger at home. Length: 6m. Charging capacity: 3.7 kW. Charging time: 3h.

8 year battery warranty

For added reassurance and peace of mind, the traction battery on Renault CAPTUR E-TECH comes with an 8 year/160,000 kilometers warranty⁽³⁾, giving you confidence in our technology and on the road.

(1) Charging time depends on temperature, battery wear, power delivered by the station and battery charge level. (2) Estimated charging time on a 3-pin domestic socket with 230V and 13A. (3) 8 year/100,000 mile traction battery warranty (whichever is reached first). For full Warranty Terms and Conditions please visit www.renault.ie/warranty

Renault CAPTUR E-TECH Hybrid

Renault CAPTUR E-TECH Hybrid uses a similar hybrid technology to the E-TECH Plug-in Hybrid version. The main difference is the smaller traction battery which doesn't require you to charge it, as it mainly charges through regenerative braking.

Its two electric motors work together with the petrol engine when you pull away, come to a standstill or when you need extra power in acceleration phases. The result : reduced fuel consumption and improved driving pleasure from the electric power.

Renault CAPTUR E-TECH Hybrid is ideal if you wish to reduce your fuel costs but don't have the possibility to install a charge point at home, or access one at work.

E-TECH

Cutting edge technology

Renault CAPTUR is equipped with the highest level of technology designed to improve safety. It also features technologies from the class above, paving the way to autonomous driving.

1. Renault Pure Vision LED headlights. Standard across the range, the Pure Vision full LED headlights provide greater visibility at night. With automatic high-beam, Renault CAPTUR will switch to low beam as you enter a built up area or approach another vehicle*.

2. Lane Departure Warning and Lane Keeping Assist. Standard across the range, these driver aids alert you and gently correct your trajectory if your vehicle changes lane without signalling.

*Specifications depend on trim level selected.

3. Active Emergency Braking System. Renault CAPTUR watches over you and your surroundings. If there is sharp braking or a pedestrian crossing, Renault CAPTUR warns you and can automatically perform emergency braking.

4. Traffic Sign Recognition. All-New CAPTUR informs you of speed limits thanks to a camera so you are always aware of speed limits.

RENAULT
CAPTUR

RENAULT

Renault CAPTUR, what makes it stand out?

- It's stylish, with a distinctive SUV look and an iconic two-tone paint
- It's comfortable with a large cabin and a high driving position to dominate the roads
- It's practical with one of biggest boots in the class and a sliding rear bench
- It has low running costs, and is available in both Petrol and Plug-in Hybrid (PHEV) versions
- It makes no compromise on safety with a host of features as standard and a 5-star Euro NCAP rating

Colours

- (1) Non metallic paint
- (2) Optional metallic paint
- (3) Optional Renault ID metallic paint

Every effort has been made to ensure that the information, descriptions, and images were correct at the time of publication however images may not always reflect the exact version selected. It should be noted that limitations on screen do not permit the subtle paintwork shades on this page to be shown with absolute accuracy.

Exterior Customisation

A large choice of combinations

Customise your CAPTUR with a choice of 10 body colours and 4 roof colours for a two-tone look.

EASYLIFE SERVICE PLAN

3 Years / 30,000 miles

4 Years / 40,000 miles

One off* and monthly** payment options available

*The EasyLife Service Plan offer is available for all retail vehicles and valid at participating dealers only or Renault.co.uk and can be purchased up to 12 months after registration or before the first service (whichever is sooner). Vehicles must be ordered between 01 July 2021 and 30 September 2021 and registered by 31 December 2021. **The EasyLife Service Plan is available for eligible retail vehicles on a 36 or 48 monthly payment option and are only available at point of signing a finance agreement provided by Renault Finance. Rivers Office Park, Denham Way, Rickmansworth, WD3 9YS. Guarantees and indemnities may be required. You must be a UK resident (excluding the Channel Islands) and over the 18 to apply for finance. Terms & Conditions apply.

The Renault Service plan covers the manufacturer's minimum maintenance programme requirements for the term of the Service Plan purchased (refer to the Warranty and Service sheet in the Handover Document wallet for details). The plan ends when you reach the age or mileage limit (whichever comes first). Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals within +/-1 month or 1,000 miles of the service interval and can only be carried out at a Renault Approved outlet. Service plans do not cover wear and tear items such as (but not limited to) tyres, wiper blades or brakes. For Service plan full Terms & Conditions visit www.renault.co.uk/owners. Cannot be part exchanged, refunded or transferred. All prices quoted are MRRP.

Service intervals			A Service : 12 months or 18,000 miles for the first service then every 24 months or 18,000 miles B Service : 24 months or 18,000 miles		

*WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO₂ figures. Please visit renault.co.uk/configure for WLTP figures for any selected options. [^]Total powertrain output which includes the petrol engine and the two electric motors combined

Accessories

1. Underbody Welcome Light.* Don't get lost again in a poorly lit car park. The Renault CAPTUR lights up automatically when you either approach it or simply press a button on your key.

2. Shark Antenna.* Add a sporty touch with the Shark Antenna, perfectly integrated in to the shape of your Renault CAPTUR. Compatible with digital audio broadcasts (DAB).

3. Standard Boot Liner. Essential for protecting the boot of your Renault CAPTUR and transporting larger objects. The liner fits the boot of your vehicle perfectly and it's semi-rigid material makes it easy to both fit and clean.

4. Illuminated CAPTUR Door Sills.** An elegant and modern touch everytime you open the doors of your Renault CAPTUR. Finished with the CAPTUR logo, these sills also protect your vehicle's doors from damage.

5. Wireless smartphone charger. Forgotten your charging cable? No problem. With the new wireless smartphone charger, you can charge your phone on the go. The charging platform is located in the central console of the vehicle for ease of use.

* These accessories require registration of the vehicle before fitment.

** Also available in a non-illuminated version.

Accessories are fitted post-production, and may have an impact on real world fuel (actual) consumption and CO₂ figures.

For more information, consult the Renault CAPTUR accessories brochure. For prices, please refer to Renault Car Price Guide.

Renault Services

RENAULT BANK

We Bank. You Drive.
